CALL FOR PAPERS & POSTERS

Pervasive Computing and the Networked World
December 2013 ● Universidad Adolfo Ibáñez ● Viña del Mar ● CHILE

The conference features the following three sessions and welcomes submissions from both academic and industries.

**INFRASTRUCTURE**  
Sensor Network, BAN, Wearable Computing, Internet of Things (IoT)

**SERVICES AND DATA**  
Cloud Computing, Internet of Service (IoS), Linked Data, Data Streaming

**SOCIETY**  
Web Society, Pervasive Business, Context-awareness

You are also encouraged to submit demonstrate work in progress and late breaking research and development results that show the latest innovative ideas. We sincerely extend our invitation to experienced academics as well as young researchers to present their ongoing work and preliminary results.

SUBMISSION DEADLINE: 31 July 2013
The goal of the Joint Conference of ICPCA8 and SWS5 is to further explore both theoretical and practical issues in and around the emerging computing paradigms, e.g. pervasive collaboration, collaborative business, networked societies. In 2013, more emphasis is being placed on the Sensor Network, Data Stream Analysis, Context-awareness, and Intelligent Society. ICPCA/SWS’13 would like to solicit contributions to three themes:

**TRACK01 - INFRASTRUCTURE**
- RFID, Sensor Network, Body Area Network
- IoT for future Internet
- Advanced network models and protocols

**TRACK02 - DATA AND MOBILITY**
- Linked data (Public data, Enterprise data, Healthcare data)
- Services science
- Data stream analysis
- Security

**TRACK03 - SOCIETY**
- Context awareness
- Intelligent society
- Web society
- Privacy issues
- HCI in IoT and Cloud

**Publication**
Papers should not exceed fifteen (15) pages in length and must be formatted according to the information for LNCS authors. All papers will be peer-reviewed by members of the ICPCA8/SWS5 programme committee. Papers are selected based on their originality, significance, relevance, and clarity of presentation. Authors of selected papers will be invited to submit an extensively expanded version of their papers to be considered for publication in special issues of international journals.
